[[export contact\(s\) information](#)] ?

The key to measuring ResearchMatch success for your study: the enrollment continuum. It is critical that you update this continuum regarding where your 'yes' responding volunteers currently stand in the 'enrollment' process. To update this continuum, you simply need to 'mark' the correct location for the green check box for that volunteer in relation to where they are in the enrollment process for the study.

[[export 3 contact\(s\) information](#)] ?

Select each 'yes' responding volunteer for whom you wish to export their contact information. 3 check boxes = 3 volunteers that will be displayed in this excel file.

Pay note to the importance of only using this information that you export for the purposes of recruitment for this study for which the 'yes' responding volunteers have released their contact information
